**PANJIM:** Goynche Niz Mogi (GNM) has accused nine MLAs of corrupting Goans with money, food and drinks and encouraging to sell their vote.

Speaking at a press conference here, GNM President James Fernandes said that these nine MLAs were among those responsible for the decay of Goa.

"The nine constituencies which these MLAs represent are Taleigao, Navelim, Panjim, Poriem, Saligao, Madkai, Aldona, Ponda and Curtorjim,"

Fernandes said.

"When these MLAs heard that GNM was intent on contesting the coming elections and defeat them, the question they asked was, 'Does

## MONEY POWER

Goynche Niz Mogi have the money to defeat us".

"Our MLAs are so shameless that they think that Goans can be bought with money. In the next elections the people of Goa are going to

teach the nine MLAs as well as the remaining 31 a lesson for taking Goans for granted as well as thinking that Goans can be bought by unitedly voting against all the 40 MLAs and may even humiliate them by making them lose their deposits," he said.

"In the next elections according to my sources the Congress would be spending anywhere around Rs 180 to 220 crores, BJP between Rs 180 to 250 crores, NCP from Rs 80 to 100 crores, MGP Rs 60 to 80 crores and the Janata Party Rs 30 to 50 crores," he alleged.

Fernandes further ex-

pressed confidence in the people of Goa that even if they take the money they will not vote for the parties as they are the same wine labeled as Congress, BJP, MGP, NCP and UGDP and that these parties are only objective is to sell Goa to non-Goans and destroy the culture and identity of Goa.

Speaking on the manifesto of GNM, Fernandes said that the government would provide resources, manpower and infrastructure so as to facilitate the smooth functioning of all government departments.

The president of Goynche Niz Mogi, Mr James Fernandes likened the words and actions of Dr Wilfred D'Souza, Mr Manohar Parrikar and Mr Pratapsing Rane to a ghumot which though comprising of three different parts is glued together with the same objective.

Speaking at a press conference in the city this evening, he felt that among the few people of Goa who have brought Goa to its knees the names of Dr D'Souza, Mr Parrikar and Mr Rane stand out tall.

He alleged that all the three have worked very hard to provide government jobs, contracts and Goan land to outsiders besides ensuring that Goans do not occupy senior positions in the bureaucracy and police administration.

They have also seen and worked to ensure that Goans do not get jobs in the industries and hotels that have come up in Goa, he added.

They are also responsible for the abject decay of Panaji, Margao, Ponda, Mapusa, Vasco and Curchorem, he further said.

He alleged that the trio are excellent manipulators and adopt the 'you scratch my back and I will scratch yours' policy with the police.
